CONQUER CANCER®
THE ASCO FOUNDATION

About Conquer Cancer

Conquer Cancer®, the ASCO Foundation, funds research for every cancer, every patient, everywhere. Through our strategic plan, Conquer Cancer donors support vital programs needed to deliver the highest quality, equitable patient care and share a vision of a world where cancer is prevented or cured, and every survivor is healthy

Five-Year Outcome: Increase our investment in cancer research investigators AND increase the scientific innovation needed to deliver the care every patient deserves.

Conquer Cancer is an independent non-profit organization established in 1999 by the American Society of Clinical Oncology, Inc. (ASCO).

Support Definitions

- **General Support:** A Supporter will be listed as supporting at the General Support Level if they provide support that is below the Support Amount shown. Please note, at the General Support Level acknowledgments will be decided on a case by case basis.
- **Transparency Reporting:** ASCO and Conquer Cancer will do our utmost to assist companies with their compliance obligations under the Physician Payment Sunshine Act and the SUPPORT Act when sponsored activities result in reportable transfers of value. Conquer Cancer kindly requests that companies review in advance the activities for which Conquer Cancer and ASCO are capable of providing reporting data, listed below. ASCO and Conquer Cancer cannot provide Sunshine compliance data for activities not listed.
 - Conquer Cancer Young Investigator Award
 - Conquer Cancer Career Development Award
 - Conquer Cancer Advanced Clinical Research Award
 - Conquer Cancer Research Professorships

For most other sponsored activities, ASCO and/or Conquer Cancer has conducted a careful review of the proposed budget and has removed items that we believe could constitute reportable payments or transfers of value so that funds provided by companies with transparency reporting obligations are not allocated to these items. Please contact Gray Ladd at operations@conquer.org or (571) 483-1700 with any questions.

Equity, Diversity, and Inclusion (EDI) Programs in Oncology

Commitment to equity, diversity, and inclusion (EDI) is not just a timely initiative for the American Society of Clinical Oncology or for Conquer Cancer®, the ASCO Foundation: It's a long-standing imperative, one that goes back to the organizations' very beginnings. But today, the commitment to EDI is stronger than ever.

Global Impact Fund

Global Impact Fund provides a collective opportunity to accelerate the delivery of information and diverse expertise needed by the global oncology community to reduce the burden of cancer. This expanding portfolio has a singular, shared focus: to achieve better care for patients with cancer worldwide and to reduce disparities in patient outcomes

Conquer Cancer is grateful to our generous donors whose support is helping to make a real and lasting difference in the fight to conquer cancer around the world. In recognition for your support, Conquer Cancer will show our gratitude in a variety of public and private ways.

Patient-Centered Cancer Care

This broad initiative focuses on ASCO's key goal to improve the quality of care for those affected by cancer. Recognizing the importance of further developing new standards, tools, and measures for Patient-Centered Cancer Care, ASCO has prioritized care delivery, performance measurement, and quality training efforts to this end.

ASCO has initiated multiple programs to promote patient-centered cancer care in all care settings.

Shop to Conquer Cancer

The Shop to Conquer Cancer program provides a special opportunity for retail brands to engage the oncology professionals and guests who attend the American Society of Clinical Oncology (ASCO) Annual Meeting in Chicago each summer.

Conquer Cancer partners with retailers on and around the Magnificent Mile in Chicago who donate a percentage of sales from purchases made by ASCO attendees and guests during the week-long conference. Meeting attendees and guests enjoy shopping and a break from the meeting, and retailers engage with an enthusiastic audience while supporting the mission of Conquer Cancer. Conquer Cancer promotes the Shop to Conquer Cancer program to meetings attendees and guests through digital and print materials and on social media.

The program will be promoted to the general public, and will be acknowledged in the following ways (additional options may be available):

- Via the Conquer Cancer Website
- Via a targeted Press Release
- Social Media Outreach
- Local Media Coverage (As available)
- Via the Conquer Cancer Foundation online Annual Report
