MEDICAL STUDENT ROTATION (MSR)

Since 2009, the MSR has supported clinical or clinical research oncology rotations for U.S. medical students who are interested in pursuing oncology as a career.

2025 RECIPIENTS

The following students were awarded the 2025 MSR and will attend the 2026 ASCO Annual Meeting.

Matthew Alexander Abikenari, MS
Stanford University School of Medicine

Tiffany Ajumobi
Johns Hopkins University

Mohammed Ali
Rush University Medical College

Michael Allevato, PhD
The University of Michigan

Keishla Arce-Ruiz, BS
Ponce Health Sciences University

Taylor Avery
Cooper Medical School of Rowan University

Nahian Bari, MS
A. T. Still School of Osteopathic Medicine in Arizona

Maricka Bennett, MS, BA
Tufts University School of Medicine

Maya Blasingame, BS
Duke University School of Medicine

Michelle Boamah, BS
Rush University Medical College

Yoori Cho
California University of Science and Medicine

Alejandra Curbelo-Paz, BS
University of Pittsburgh School of Medicine

Kamryn J. Davis
University of Mississippi

Isela Garcia, BS
University of Washington School of Medicine

Derealise García-Almedina
Ponce Health Sciences University

Tia Gordon, BS
University of Houston

Daniel J. Groso
University of Miami Miller School of Medicine

Nour Hassan, M.Sc.
University of Vermont

Sanjeev Herr, MS
Drexel University College of Medicine

Faradia Kernizan, MPH
Tulane University School of Medicine

Mathew Krick, MPH
Boston University Chobanian & Avedisian School of Medicine

Maikel Mansour, MPH
Rowan-Virtua School of Osteopathic Medicine

Joel Mantilla
Florida International University

Rachelle Monteau, BS
CUNY School of Medicine

Emelia Moore
Noorda College of Osteopathic Medicine

She'Kyra Paige
Warren Alpert Medical School of Brown University

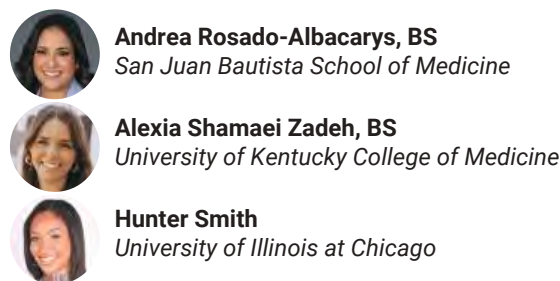

Willow Pastard, MS
Drexel University College of Medicine

Bristol Myers Squibb Endowed Medical Student Rotation Award
Teresia Perkins, BS
Boston University Chobanian & Avedisian School of Medicine

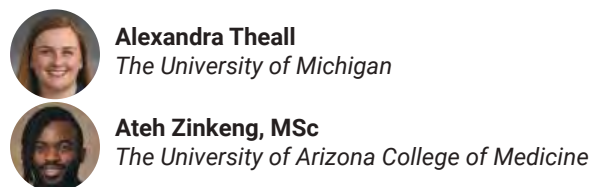

As of May 10, 2025, reflects institutions at the time of award

Andrea Rosado-Albacarys, BS
San Juan Bautista School of Medicine

Alexia Shamaei Zadeh, BS
University of Kentucky College of Medicine

Hunter Smith
University of Illinois at Chicago

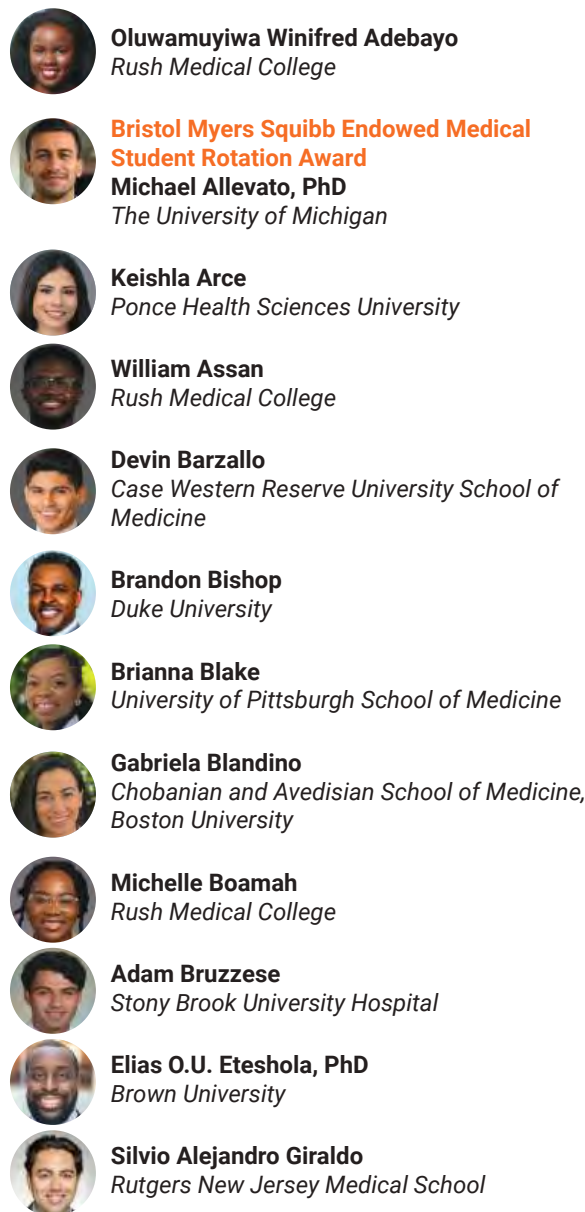

Alexandra Theall
The University of Michigan

Ateh Zinkeng, MSc
The University of Arizona College of Medicine

2024 RECIPIENTS

The following students are the 2024 MSR recipients who have completed their rotations and are attending the 2025 ASCO Annual Meeting.

Oluwamuyiwa Winifred Adebayo
Rush Medical College

Bristol Myers Squibb Endowed Medical Student Rotation Award
Michael Allevato, PhD
The University of Michigan

Keishla Arce
Ponce Health Sciences University

William Assan
Rush Medical College

Devin Barzallo
Case Western Reserve University School of Medicine

Brandon Bishop
Duke University

Brianna Blake
University of Pittsburgh School of Medicine

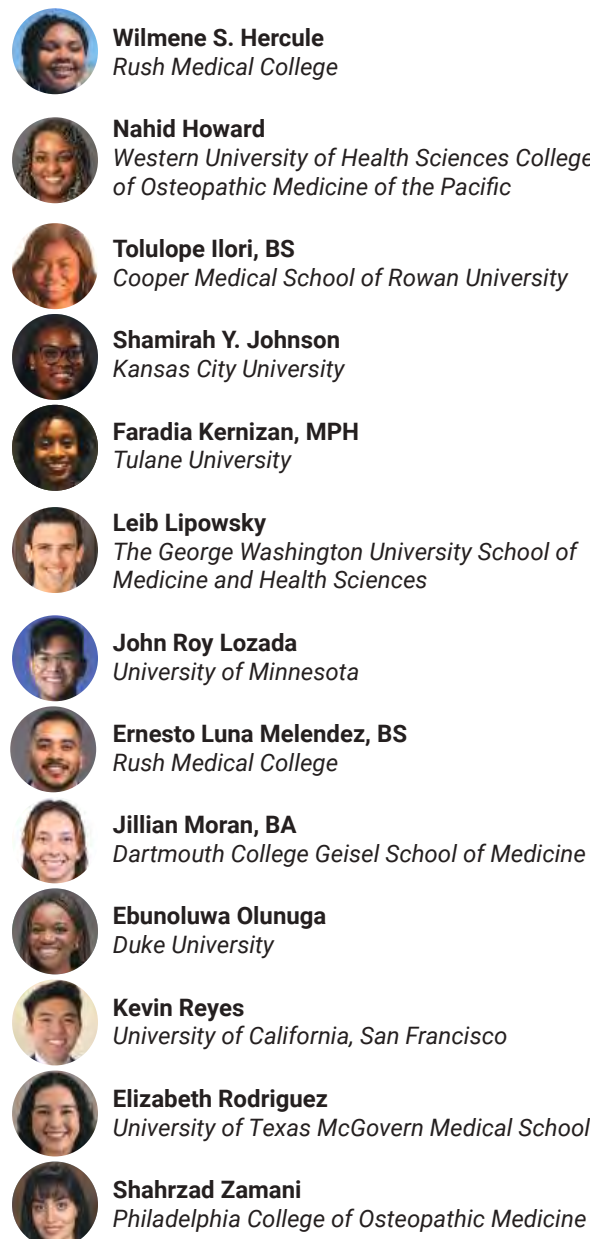

Gabriela Blandino
Chobanian and Avedisian School of Medicine, Boston University

Michelle Boamah
Rush Medical College

Adam Bruzzese
Stony Brook University Hospital

Elias O.U. Eteshola, PhD
Brown University

Silvio Alejandro Giraldo
Rutgers New Jersey Medical School

Wilmene S. Hercule
Rush Medical College

Nahid Howard
Western University of Health Sciences College of Osteopathic Medicine of the Pacific

Tolulope Ilori, BS
Cooper Medical School of Rowan University

Shamirah Y. Johnson
Kansas City University

Faradia Kernizan, MPH
Tulane University

Leib Lipowsky
The George Washington University School of Medicine and Health Sciences

John Roy Lozada
University of Minnesota

Ernesto Luna Melendez, BS
Rush Medical College

Jillian Moran, BA
Dartmouth College Geisel School of Medicine

Ebunoluwa Olunuga
Duke University

Kevin Reyes
University of California, San Francisco

Elizabeth Rodriguez
University of Texas McGovern Medical School

Shahrzad Zamani
Philadelphia College of Osteopathic Medicine

ANNUAL MEETING RESEARCH AWARDS (AMRA)

The Annual Meeting Research Award (AMRA) is a professional development opportunity for presenters at the Medical Student & Resident Abstract Forum to develop and refine their research skills, connect with peers, and network with oncology professionals.

Stemline, Inc, a Menarini Group Company
Endowed Annual Meeting Research Award
Morgan Allen
Rush University Medical Center

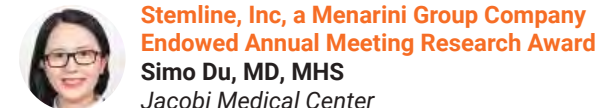

Charlene Mansour
Rutgers New Jersey Medical School

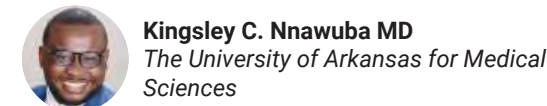

Michael Allevato, PhD (2024 MSR)
The University of Michigan

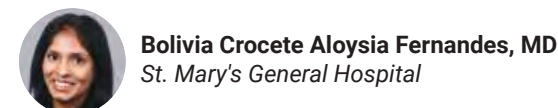

Stemline, Inc, a Menarini Group Company
Endowed Annual Meeting Research Award
Kelly Meza, MD
Baylor College of Medicine

Stemline, Inc, a Menarini Group Company
Endowed Annual Meeting Research Award
Simo Du, MD, MHS
Jacobi Medical Center

Kingsley C. Nnawuba MD
The University of Arkansas for Medical Sciences

Bolivia Crocete Aloysia Fernandes, MD
St. Mary's General Hospital

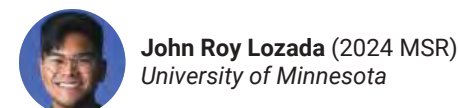

Varshini Odayar, BA, MS
The University of Michigan

Stemline, Inc, a Menarini Group Company
Endowed Annual Meeting Research Award
Maria J. Fernandez Turizo, MD
Beth Israel Deaconess Medical Center

Vaishnavi Singh, MD
Willis-Knighton Medical Center

John Roy Lozada (2024 MSR)
University of Minnesota

Jorge Vazquez Urrutia, MD
Penn State Hershey Medical Center

“Without this award, I would not have had the opportunity to learn from world-renowned oncology experts, meet and make meaningful experiences with my mentors, and foster new connections with so many like-minded peers across the world.”

— Kevin Reyes, MD
(2024 AMRA, MSR)

SPECIAL MERIT AWARDS

Bradley Stuart Beller Endowed Merit Award

This special recognition is given to the student or trainee who submitted the overall highest-ranking abstract as determined by the Scientific Program Committee.

Steven Wang, MD

Amsterdam UMC Location Vrije Universiteit (Netherlands)

"Prospective validation of end of treatment ctDNA-MRD by PhasED-Seq in DLBCL patients from a national trial"

Allen S. Lichter, MD, Endowed Merit Award

This special recognition is given to the student or trainee who submitted the second-highest ranking abstract as determined by the Scientific Program Committee.

Philipp Karschnia, MD, MS

Uniklinikum Erlangen, Friedrich-Alexander-University Erlangen-Nuremberg (Germany)

"A prognostic classification system for extent of resection in IDH-mutant grade 2 glioma: A report by the RANO resect group"

Brigid Leventhal Special Merit Award

In honor of Brigid Leventhal, a physician-pioneer in pediatric research, the Brigid Leventhal Merit Award is presented to the student or trainee who submitted the highest-ranking abstract in pediatrics as determined by the Scientific Program Committee's Pediatrics Subcommittee.

David Y. Mak, MD, BSc

Princess Margaret Cancer Centre, University Health Network, (Canada)

"Cognitive outcomes following proton vs. photon radiotherapy for CNS non-germinomatous germ cell tumors: A Children's Oncology Group study"

Pain and Symptom Management Special Merit Award

This special recognition is given to the student or trainee who submitted the highest-ranking abstract in pain and symptom management research as determined by the Scientific Program Committee.

Meenu Vijayan, MPharm

Amrita School of Pharmacy, Amrita Vishwa Vidyapeetham, AIMS Health Sciences Campus, (India)

"Phase III randomized placebo-controlled trial on repurposing olanzapine for prevention of radiotherapy-induced nausea and vomiting (RINV): CTRI/2022/01/039723"

James B. Nachman Endowed ASCO Junior Faculty Award

Established in memory of James B. Nachman, MD, Professor of Pediatrics at The University of Chicago and an internationally renowned pediatric cancer expert, this award is given to the junior faculty member who submitted the highest-ranking abstract in pediatric oncology as determined by the Scientific Program Committee.

Erin Michele Mobley, PhD

University of Florida College of Medicine Jacksonville

"Longitudinal change in cardiac function after doxorubicin and dexrazoxane: A report from COG ALTE11C2"

INTERNATIONAL DEVELOPMENT AND EDUCATION AWARDS (IDEA)

Since 2002, the IDEA has provided support for early-career oncologists in developing countries and facilitates the sharing of knowledge between these oncologists and ASCO members who serve as scientific mentors to each recipient.

“Psychosocial Support Services for Women with Cervical Cancer at the Rwanda Cancer Centre: IZERE Project”
Principal Investigator: Diane Andrea Ndoli, MD, MBBCh

ASCO Employees International Innovation Grant
Tata Medical Center (India)
“Can telemedical follow up with integrated electronic patient reported outcomes meet the survivorship care needs for patients with gynecological cancer receiving pelvic radiotherapy: A single arm prospective cohort study”
Principal Investigator: Santam Chakraborty, MD

GIANNI BONADONNA BREAST CANCER RESEARCH FELLOWSHIP

The Gianni Bonadonna Breast Cancer Award and Lecture and the Gianni Bonadonna Breast Cancer Research Fellowship were established in 2007 to honor the achievements of Gianni Bonadonna, MD. Dr. Bonadonna was a pioneer in the field of cancer research whose ground-breaking research in adjuvant treatment of breast cancer and Hodgkin’s Disease has opened new avenues for increased survival of cancer patients.

The Gianni Bonadonna Breast Cancer Award recognizes an active clinical or translational researcher with a distinguished record of accomplishments in advancing the field of breast cancer (Awardee). The Gianni Bonadonna Breast Cancer Research Fellowship provides \$50,000 in funding to support an early-career investigator who is committed to conducting breast cancer research under the mentorship and supervision of the Awardee.

WOMEN WHO CONQUER CANCER (WWCC) MENTORSHIP AWARDS

Launched in 2016, this award program honors extraordinary women leaders in oncology and role models who have excelled as mentors and have demonstrated outstanding commitment to the development of the next generation of cancer researchers and leaders.

International Women Who Conquer Cancer Mentorship Award

Nazik Hammad, MD, MSc, MEHP, FACP is a professor of medical oncology at Saint Michael Hospital, Department of Medicine, and University of Toronto. Her academic and research interests include Breast and GI cancers, medical education and workforce development in low and middle-income countries (LMIC) particularly in sub-Saharan Africa, and competency-based medical education in Canada. Together with colleagues in Africa, she led the first Choosing Wisely Africa initiative. She is a coauthor in the Lancet Oncology commission for Cancer in Sub-Saharan Africa and is a commissioner in the Lancet Commission on Women, Power and Cancer. She is co-chair of the Black Physicians' Association of Ontario (BPAO) Network for Advancing Medical Black Medical Learners (N-ABL) and is University of Toronto Department of Medicine Faculty Lead for Toronto Addis Ababa University Collaboration (TAAAC). Dr. Hammad is the current chair of the African Organization for Research and Training in Cancer (AORTIC) Significant Interest Group in Cancer in Conflict Zones and other Humanitarian settings. She has published widely on medical education including on faculty development, workforce optimization, women and cancer, cancer in conflict zones and among nomadic populations in Africa in addition to other wide range of topics in policy and health system issues in cancer control.

Hologic, Inc Endowed Women Who Conquer Cancer Mentorship Award

W. Kimryn Rathmell, MD, PhD, MMHC, FASCO, was sworn in as the 17th NCI director on December 18, 2023 and stepped down from that role on January 20, 2025. She previously led the Vanderbilt University Medical Center as physician-in-chief and chair of the Department of Medicine. Dr. Rathmell is a highly decorated physician-scientist, a recipient of the American Cancer Society Medal of Honor, the 2025 American Society for Clinical Investigation Korsmeyer Award, the 2019 Louisa Nelson Award for Women of Achievement, Vision, and Inspiration, the 2019 Eugene P. Schonfeld Award from the Kidney Cancer Association, and the Paragon Award for Research Excellence from the Doris Duke Foundation. She was a leader of The Cancer Genome Atlas's (TCGA) kidney cancer projects and served as a TCGA analysis working group member across the spectrum of cancers, winning the 2020 American Association for Cancer Research Team Science Award. She has served on the NCI Board of Scientific Advisors, and the Forbeck Foundation Scientific Advisory Board. Dr. Rathmell has been elected to the Association of American Physicians, the American Academy of Arts and Sciences, and the National Academy of Medicine. Dr. Rathmell's specialty is the research and treatment of complex and hereditary kidney cancers. She also focuses on underlying drivers of kidney cancers using genetic, molecular, and cell biology to develop interventions to improve patients' lives. Dr. Rathmell's research has resulted in more than 300 articles in leading peer-reviewed journals, including *The New England Journal of Medicine*, *Nature*, *Proceedings of the National Academy of Sciences*, and *the Journal of Clinical Investigation*.
